Subject index

A

Abbe island flap for correction of whistle deformity, 176
Abdominal rotation flap, use for inguinal lymph node dissection, 485
Abdominal wall, repair using ventrally based and turned in dermofat pedicled flaps, 31
Airflow in velopharyngeal defects, effect of tongue position, 377
Angioleiomyomas, leg, 536
Angiosomes, experimental study and clinical applications, 113
Arteries
  experimental microarterial grafts: freeze-dried heterografts versus autografts, 188
  see also specific arteries
Arteritis temporalis, necrotising lesions in, risk of biopsy, 73
Assault, facial soft tissue injuries, 614
Auricular flap, posterior
  anatomical studies, 562
  intra-oral reconstruction, 570

B

Back defect, one stage reconstruction with large fasciocutaneous flap, 513
Basal cell naevus syndrome, multiple metastases from, 528
Blood flow
  capillary, effects of nicotine, in random pattern skin flaps, 295
  reversal, principle of, 86
Blood supply, skin and underlying tissues, 113
Bone
  development after perichondrial grafting, 636
  loss, tissue regeneration in reconstruction, 142
Books, style and production, 544
Brachmann-de Lange syndrome, duplication of pinna in, 642
Brachymetatarsia, multiple, treatment of, 423
Breast reconstruction, complications of tissue expansion in, 629
Burns
  electrical, multiple seagull flaps for digital contractures, 47
  recent advances in treatment 1843–1858, 193
  squamous cell cancers following, 488
  to elderly, 278

C

Carcinoma
  basal cell, significance of incomplete excision, 63
  basal cell naevus syndrome, multiple metastases from, 528
  squamous cell
    intra-oral, in patients under 40 years of age, 270
    post-burn, 488
Cephalic venous flap, 16
Cheeks
  neurovascular flaps for reconstruction of lower lip, 173
  reconstruction, free vertical abdominal fasciocutaneous flaps, 27
  traumatic dimples, surgical treatment, 588
Chest wall, repair using ventrally based and turned in dermofat pedicled flaps, 31
Chlorbutol, use in tissue preservation, 497
Chlorocresol, use in tissue preservation, 497
Chylo-pharyngeal fistula after radical neck dissection, 538
Colon grafts for oesophageal reconstruction, 181
Consent, informed, 445
Cross-facial nerve transplantation (CFNTP), failure to restore spontaneous smiles in, 592

D

Dancing man procedure, Mustardé, extended use, 432
Derby area, development of Plastic Surgery Unit, 653
Dermofat turned in pedicled flaps in repair of abdominal wall and thoracic defects, 31
Dimples, traumatic facial, surgical treatment, 588
Dogo, Giovanni, obituary, 215
Dorsal metacarpal flaps, 333
Dorsalis pedis island flaps
  distally based, for coverage of distal portion of foot, 521
  neurovascular trans-interosseous, 241
Drains, mini suction, 542

E

Ears
  post-operative protection by silastic foam dressing, 213
  "Zulu" tissue expansion in construction of helix and lobe, 505
Epigastric flap, extended deep inferior, 518
Eyelids, lower, reconstruction by use of upper lid: a modified technique, 246

F

Face
  asymmetry, computer-based method of measurement, 371
  cross-facial nerve transplantation, failure to restore smiles in, 592
  resurfacing in xeroderma pigmentosum, 610
  soft tissue injuries resulting from assault, 614
  traumatic dimples, surgical treatment, 588
Fasciocutaneous flaps
  free vertical abdominal, 27
  in reconstruction of massive back defect, 513
Feet
  amputated, total cutaneous harvesting from, 313
  coverage of distal portion using distally based dorsalis pedis flap, 521
Fibrosis, oral submucous, treatment of trismus in, 407
Fingers
  contractures in electrical burns, multiple seagull flaps, 47
  repair, SEPA flaps, 348

salvage replantation from a non-replantable arm, 310
Forearm flaps, radial *see* Radial forearm flaps
Forehead, resurfacing using expanded temporal flaps, 171
Free flaps
comparison of latissimus dorsi and rectus abdominis as donor tissues, 620
cutaneous, from amputated foot, 313
immediate transfer to pelvis, using wrist vessels, 427
omental, delayed use owing to uncertain viability, 306
transfer for lower leg in presence of venous hypertension, by use of venous bridge, 526
vertical abdominal fasciocutaneous, 27

G

Gelatin sponge, absorbable, effect on experimental microvascular anastomoses, 300
Gillies Fry procedure, long-term results, 384
Gluteus maximus muscle, reconstruction in ambulatory patients, 1
Gorling-Goltz syndrome *see* Basal cell naevus syndrome
Groin
flaps, economical use, 647
use of abdominal rotational flap for inguinal lymph node dissection, 485

H

Hailey-Hailey disease, surgical control, 557
Hands
repair, SEPA flaps in, 348
scleroderma, microsurgical revascularisation, 264
Harris, Michael, obituary, 324
Head reconstruction, free vertical abdominal fasciocutaneous flaps, 27
Heels, ulcers, dorsalis pedis neurovascular trans-interosseous island flaps, 241
History
development of Plastic Surgery Unit in Nottingham and Derby areas, 653
development of plastic surgery in the West Midlands Region, 317
Plastic Surgery Unit at Wrexham Park Hospital, 655
Hypospadias
and embryogenesis of penile urethra, 201
management, relevance to surgical training in plastic surgery, 227
repair
modification of Mustardé-Mathieu and Horton-Devine urethroplasty, 494
seagull meatoplasty, 61

I

Infrared coagulation in treatment of venous lakes, 451
Island flaps
Abbe, for correction of whistle deformity, 176
anterolateral leg, 236
cephalic venous, 16
distally-based dorsalis pedis, 521
dorsalis pedis neurovascular trans-interosseous, 241
with exclusively venous pedicles, 149
prefabricated hair-bearing, in lip reconstruction, 37
saphenous venous, without arterial inflow, using non-biological conduit, 11

J

Jejunum
grafts, for oesophageal reconstruction, 181
in pharyngo-oesophageal reconstruction, 467

L

Lachrymal apparatus, abnormalities along with bilateral cleft palate, choanal atresia and abnormality of nostrils, 645
Latissimus dorsi muscle
flaps, extended "non-free", 516
free flaps, comparison with rectus abdominis free flaps, 620
Legs
anterolateral island flaps, 236
lower, venous bridge used in free flap transfer in presence of venous hypertension, 526
vascular leiomyoma, 536
Leiomyoma, vascular, in leg, 536
Limbs, lower *see* Lower limbs; *specific parts of lower limbs*
Lips
cleft
comprehensive repair in adults, 478
repair assessment by computer-based measurement of facial asymmetry, 371
subtotal premaxillectomy, 396
comparison of function after surgery and radiotherapy, 598
lower, reconstruction in one stage using neurovascular cheek flaps, 173
reconstruction, prefabricated hair-bearing island flap, 37
resurfacing, method, 454
Lower limbs, tissue regeneration in reconstruction of lost bone and soft tissue, 142

M

Mandible, reconstruction of middle third, 274
Mandibulofacial dysostosis *See* Treacher Collins sydnrome
Metacarpal artery flaps, dorsal, 333
Microtia, "Zulu" tissue expansion in construction of helix and lobe, 505
Microvascular anastomoses, effect of absorbable gelatin sponge, 300
Midlands, West, development of plastic surgery in, 317
Mouth
intra-oral defects
nasolabial flaps for, 472
reconstruction using posterior auricular flap, 570
intra-oral squamous cell carcinoma in patients under 40 years of age, 270
Mowlem, Rainsford, obituary, 102
Muscle flaps, soleus, distally based, 20
Musculocutaneous flaps
extended latissimus dorsi "non-free", 516
gluteus maximus, reconstruction of defects in ambulatory patients, 1
transverse rectus abdominis, augmentation of circulation by microvascular surgery, 367
Mustardé, dancing man procedure, extended use, 432

N

Naevi
basal cell, multiple metastases from, 528
congenital "giant", a new surgical approach, 410
Nasolabial flaps for intra-oral defects, mouth, 472
Neck
ectopic thymus, 532
radical dissection, chylo-pharyngeal fistula following, 538
reconstruction, free vertical abdominal fasciocutaneous flaps, 27
Nicotine, dose and time effects on capillary blood flow and viability of random pattern skin flaps, 295
Nose deformities, cleft lip, secondary correction, 52
Nostrils
abnormality along with bilateral cleft palate, choanal atresia and abnormalities of lachrymal apparatus, 645
triple, 651
Nottingham area, development of Plastic Surgery Unit, 653

O

Oesophagus
pharyngo-oesophageal reconstruction using multiple jejunal loops, 467
reconstruction, comparison of jejunum and colon grafts, 181
Omentum free flap, delayed use, 306

P

Palate
cleft
with choanal atresia and unusual abnormalities of lachrymal apparatus and nostrils, 645
effect of tongue position on airflow in, 377
Gillies Fry procedure, long-term results, 384
subtotal premaxillectomy, 396
fistulae, closure by radial forearm flaps, 391
PARAS flap *see* Post- and retro-auricular scalping flap
Parotid duct, congenital external fistulae, 99
Pelvis reconstruction, wrist as immediate free flap carrier, 427
Penis, hypospadias and embryogenesis of urethra, 201
Perichondrial grafting, development of bone after, 636
Pharyngo-oesophageal reconstruction using multiple jejunal loops, 467
Pinna, duplication in Brachmann-de Lange syndrome, 642
Piracetam, action in ischaemic flaps, 459
Plastic surgery, future of 323
Polyotia in Brachmann-de Lange syndrome, 642
Post- and retro-auricular scalping flap (PARAS flap), 360
Premaxillectomy, subtotal, in bilateral cleft lip and palate, 396
Prostheses, silicone rubber, and pathogenicity of coagulase negative staphylococci, 94
Psychosocial adjustment of patients with Treacher Collins syndrome before and after reconstructive surgery, 605
Pudendal artery flap, superficial external *see* Superficial external pudendal artery flap

R

Radial forearm flaps
closure of large palatal fistulae, 391
management of secondary defect, 83
morbidity in donor arm, 212
Rectus abdominis
free flaps, comparison with latissimus dorsi free flaps, 620
musculocutaneous flaps, transverse *see* Transverse rectus abdominis musculocutaneous flaps
Rhomboid flaps, modification, 163

S

Saphenous venous island flap without arterial inflow, using non-biological conduit, 11
Scalp, temporal flaps for resurfacing forehead, 171
Scalping flap, post- and retro-auricular, 360
Scapular flaps, bi-scapular flap, 510
Scleroderma, microsurgical revascularisation of hand in, 264
Seagull flaps, multiple, for digital contractures in electrical burns, 47
SEPA flap *see* Superficial external pudendal artery flap
Silastic foam dressing for protection of post-operative ear, 213
Silicone rubber implants and pathogenicity of coagulase negative staphylococci, 94
Skin
flaps
axial pattern, simplified pedicle delay, 540
random pattern, effects of nicotine, 295
free flaps from amputated foot, 313
grafts, meshed split, configurational changes within dermis, 420
traction in closure of wounds, 582
Skull base reconstruction following tumour resection, 155
Sleeve anastomosis, 288
Smiles, spontaneous, failure to restore in cross-facial nerve transplantatiion, 592
Soleus muscle, distally based spit flap, 20
Square flap method, 40
Staphylococci, coagulase negative, pathogenicity in presence of silicone rubber implants, 94
Suction drain, mini DIY, 542
Superficial external pudendal artery (SEPA) flaps
anatomical basis, 342
uses in repair of defects in hands and feet, 342
Syndactilisation, artificial, for congenital crossed toes, 502

T

Temporal flaps, expanded, to resurface forehead, 171
Tendon grafts, flexor, disruption, characteristics and management, 258
Thymus, ectopic, in neck, 532
Tibial artery flap, anterior, anatomy and case report, 230
Tissue expansion
complications in breast reconstruction, 629
in resurfacing forehead, 171
a technical aid, 305
traditional Zulu technique in construction of helix and ear lobe, 505
in wound closure by skin traction, 582
Tissue preservation, radio-opaque injection technique, 497
Tissue regeneration in reconstruction of lost bone and tissue in lower limbs, 142
Toes
congenital crossed, artificial syndactilisation for, 502
great, skin necrosis after transplantation of great toenail flap, 283

Transverse rectus abdominis musculocutaneous (TRAM) flaps, pedicled, augmentation of circulation by microvascular surgery, 367
Treacher Collins syndrome, psychosocial adjustment before and after reconstructive surgery, 605
Trismus in submucous fibrosis, surgery for, 407
Tube pedicle, 40-year old, 97

U

Ulcers
  heel *see* Heels, ulcers
  venous, layered shaving, 68
Urethra, penile, embryogenesis and hypospadias, 201
Urethroplasty, modification of Mustardé-Mathieu and Horton-Davis techniques, 494

V

Velopharyngeal defects, effect of tongue position on airflow in, 377
Venous flaps
  cephalic, 16
  saphenous, without arterial inflow and using non-biological conduit, 11
Venous lakes, treatment by infrared coagulation, 451
Venous ulcers, layered shaving, 68

W

Wexham Park Hospital, history of Plastic Surgery Unit, 655
Whistle deformity, correction using Abbe island flap, 176
Wounds, closure by skin traction, 582
Wrist vessels in revascularisation of flap for resurfacing of lateral pelvis, 427
Writing style, 544

X

Xeroderma pigmentosum, facial resurfacing in, 610
